

# POLYKEG, A SUSTAINABLE COMPANY

Our integrated management system is now also certified  
**UNI EN ISO 14001:2015**

Newsletter N.01 – September 15<sup>th</sup> 2020

PolyKeg S.r.l. - Via P. Nenni, 51 - 24050 Calcinato (BG) - Italy - Ph. +39 035 4522245 - E-mail: [info@polykeg.it](mailto:info@polykeg.it) - [www.polykeg.it](http://www.polykeg.it)

Always concerned about the environment and how its business affects it, **PolyKeg Srl** has been certified **UNI EN ISO 14001:2015** attesting the Company's compliance with the environmental management standard aimed at minimizing the environmental impact on the territory.

This certification is an additional confirmation of **PolyKeg's** commitment to adopt an **environmentally conscious and efficient approach**.

This responsibility is indeed part of our Company Policy, of which we report some key points related to environmental sustainability.

PolyKeg Srl is committed to:

- ✓ Carry out a proper environmental risk assessment and management;
- ✓ Avoid the use of water sources for washing steps required for steel kegs;
- ✓ Cut down the production of waste and give it to specialized companies that recycle it;
- ✓ Study and design each keg component in order to allow their recyclability and/or reuse;
- ✓ Keep in check energy efficiency and optimize the management of energy consumption.

This certificate is in addition to the others already held by **Polykeg Srl: BRC Packaging, UNI EN ISO 9001:2015 e UNI ISO 45001:2018**, which prove the Company's aim to always keep improving.

PolyKeg Srl is now certified:
